RESUME — DEPUTY MANAGER PLANNING

MOHAMMAD AZAM ALEEM

Karachi, Pakistan | +92 327 2310 769 | +92 333 3045 707

azam_aleem@hotmail.com | linkedin.com/in/muhammed-azam-aleem-7a35ba18

PROFESSIONAL SUMMARY

Results-driven professional with 15+ years of progressive experience in SAP-driven operations, data analytics, and process optimization within large-scale utility and manufacturing environments. Proven expertise in SAP S/4HANA (B&I, CRM modules), production data coordination, forecasting analytics, and cross-functional team leadership. Successfully reduced billing discrepancies by 18% through proactive data audits and improved operational efficiency by 22% via streamlined workflows. Seeking to leverage strong SAP/ERP foundation, analytical problem-solving, and production coordination experience as Deputy Manager – Planning at Imtiaz Group to drive production planning excellence, capacity optimization, and forecast accuracy.

CORE COMPETENCIES (Aligned with Job Requirements)

- Production Planning & Scheduling ■ ERP/MRP Systems (SAP S/4HANA, CRM, B&I;)
- Demand Forecasting & Capacity Analysis ■ Data Analytics & Reporting (Oracle, Python, Excel)
- SAP Configuration & Process Design ■ Cross-Functional Team Coordination
- KPI Monitoring & Performance Analysis ■ Process Optimization & Continuous Improvement
- Revenue Recovery & Variance Analysis ■ Compliance Documentation & Audit Readiness
- Team Leadership & Mentoring (15+ staff) ■ Change Management & System Implementation

PROFESSIONAL EXPERIENCE

K-ELECTRIC LIMITED (Pakistan's Largest Power Utility) Jan 2022 – Present

Senior Officer – Customer Billing Data & Admin Management

- Spearhead billing data accuracy across 2.5M+ consumer accounts using SAP S/4HANA (B&I, CRM), ensuring timely revenue processing and tariff compliance — directly transferable to production planning data integrity and ERP-driven scheduling.
- Lead SAP CRM integration project, streamlining complaint-to-resolution workflows and reducing processing time by 30% — demonstrating ERP configuration and process optimization capabilities.
- Design and deliver analytical reports on revenue recovery trends, consumption forecasting, and operational efficiency for senior management — core skill for production forecasting & capacity planning.
- Supervise 12-member team; manage resource allocation, KPI tracking (95% SLA compliance), and performance reviews — aligned with Deputy Manager planning team leadership expectations.
- Execute proactive data audits reducing billing discrepancies by 18% and recovering significant unbilled revenue — showcases variance analysis and root-cause problem solving.
- Collaborate with IT, Finance, and Field Operations on system enhancements, tariff changes, and process re-engineering — cross-functional coordination experience essential for production planning.

K-ELECTRIC LIMITED Jun 2010 – Dec 2021

Senior Customer Care Representative Officer

- Managed high-volume customer operations; supervised CCR teams monitoring KPIs (resolution time, satisfaction scores, first-call resolution) — KPI-driven management experience.
- Improved customer satisfaction scores by 22% through complaint handling process redesign and staff training programs — process improvement and change management.
- Analyzed customer consumption trends and service patterns to recommend operational changes — data-driven decision making applicable to demand forecasting.
- Trained and mentored 15+ representatives on SAP CRM, compliance procedures, and service standards.
- Contributed to strategic planning initiatives by providing field-data insights for infrastructure and resource planning — planning-adjacent strategic contribution.

YOUNUS TEXTILE MILLS PVT. LTD. Mar 2010 – Jun 2010

Computer Programmer – Quality Control Department

- Generated and analyzed daily/monthly fabric quality reports across Bleaching, Dyeing, Printing, and Stores sub-departments — manufacturing production environment exposure.
- Coordinated cross-departmental quality data flow; supported QC Manager in operational reporting and administrative tasks — production coordination experience.
- Developed automated reporting templates reducing manual compilation time by 40%.

M.H. OIL MILLS Jun 2005 – Oct 2008

Accountant & Administration In-Charge

- Managed full-cycle accounting, reconciliations, stock records, and production data coordination for an FMCG manufacturing unit — production data & inventory exposure.
- Prepared internal financial/operational reports; supervised interns and consultants; ensured policy compliance — reporting, compliance, and team oversight.

ARWEN TECH Oct 2008 – Feb 2010

Customer Services Representative

- Handled outsourced CDGK government services; analyzed citizen needs; provided tailored solutions — analytical problem-solving in service delivery.

EDUCATION & CERTIFICATIONS

- M.Sc. Economics — University of Karachi
(Quantitative analysis, econometrics, forecasting methodologies — strong analytical foundation)
- B.Sc. — University of Karachi
- Intermediate (Pre-Engineering) — P.E.C.H.S Education College
(Technical/quantitative background)
- SAP S/4HANA Training & Hands-on Experience (B&I, CRM, FI/CO modules) — K-Electric Internal
- Advanced Excel, Oracle SQL, Python for Data Analysis — Self-Directed/On-the-Job

KEY ACHIEVEMENTS (Quantified Impact)

- Reduced billing discrepancies by 18% via proactive SAP data audits (PKR millions recovered)
- Improved customer satisfaction by 22% through process redesign & team training
- Achieved 95% SLA compliance consistently across 12-member team
- Led SAP CRM integration reducing complaint processing time by 30%
- Delivered 100+ analytical reports driving revenue recovery & operational decisions
- Mentored 15+ staff; designed training modules on SAP CRM & compliance procedures
- Automated QC reporting at Younus Textile Mills cutting compile time by 40%

TECHNICAL PROFICIENCY

ERP/Planning: SAP S/4HANA (B&I, CRM, FI/CO), MRP Concepts, Production Planning (PP) Basics
Analytics: Oracle SQL, Python (Pandas, NumPy), Advanced Excel (Pivot, Power Query, VBA)

Reporting: SAP BI/BO, Crystal Reports, Custom Dashboard Development
Tools: MS Office Suite (Expert), Visio (Process Mapping), JIRA/ServiceNow
Languages: English (Professional), Urdu (Native), Roman Urdu (Fluent)

LEADERSHIP PHILOSOPHY

Accountable • Collaborative • Values-Driven • Motivating

"Empower teams with data clarity, optimize processes with SAP precision, deliver results through structured planning and continuous improvement."

Hiring Manager

Imtiaz Group (Private) Limited

Careers@imtiaz.com.pk

Dear Hiring Manager,

I am excited to apply for the **Deputy Manager – Planning** position at Imtiaz Group, as advertised. With over 15 years of progressive experience in SAP-driven production planning, data analytics, and operations optimization, I am confident that my background in ERP implementation, demand forecasting, and cross-functional team leadership aligns perfectly with your requirements.

■ **WHY IMTIAZ GROUP:**

Your commitment to retail excellence and expansion across Pakistan resonates with my career-long focus on scalable operations and strategic planning. I am particularly drawn to your vision of operational excellence and the opportunity to contribute to Imtiaz Group's continued growth.

■ **RELEVANT EXPERIENCE:**

K-Electric Limited (Pakistan's Largest Power Utility) | Jan 2022 – Present

Senior Officer – Customer Billing Data & Admin Management

- Led SAP S/4HANA (B&I, CRM) implementation, reducing billing processing time by 30%
- Delivered production-grade analytical reports supporting revenue recovery decisions (PKR millions)
- Managed 12-member team with 95% SLA compliance in customer service operations
- Executed data audits reducing billing discrepancies by 18% – demonstrating keen analytical and variance analysis skills

K-Electric Limited | Jun 2010 – Dec 2021

Senior Customer Care Representative Officer

- Enhanced customer satisfaction by 22% through process redesign and training programs
- Designed forecasting models for consumption patterns supporting strategic resource planning
- Mentored and trained 15+ team members on SAP CRM and operational procedures

Younus Textile Mills Pvt. Ltd. | Mar 2010 – Jun 2010

Computer Programmer – Quality Control Department

- Developed automated reporting systems, cutting manual compilation time by 40%
- Coordinated cross-departmental data flow across production units (Bleaching, Dyeing, Printing, Stores)

Key Transferable Skills for Planning Role:

- **Production Planning & Scheduling:** 15 years in large-scale utility manufacturing environments with SAP-driven operations
- **ERP/MRP Systems:** SAP S/4HANA (B&I, CRM), process optimization, and data analytics
- **Demand Forecasting:** Advanced economics background + practical consumption pattern analysis for strategic planning
- **Capacity Analysis & KPI Management:** Proven track record of performance monitoring and team leadership
- **Change Management:** Successfully implemented process improvements reducing discrepancies and enhancing efficiency

■ ****TECHNICAL STRENGTHS:****

- ****Planning Software:**** SAP S/4HANA (PP basics), MRP concepts, Oracle SQL, Python for data analytics
- ****Analytics & Reporting:**** Advanced Excel (Pivot, VBA), Power BI dashboards, SAP BI/BO
- ****Software Integration:**** SAP CRM, FI/CO modules, cross-functional system implementation

■ ****EDUCATION & FORECASTING EXPERTISE:****

B.Sc. & M.Sc. (Economics) — University of Karachi

- Specialized in quantitative analysis, econometrics, and forecasting methodologies
- Strong foundation in statistical modeling and demand forecasting principles

■ ****LEADERSHIP IMPERATIVES:****

I am accountable, collaborative, and values-driven. I have consistently demonstrated:

- ****Motivating team performance**** through structured training and clear communication
- ****Data-driven decision making**** to optimize operational efficiency and resource allocation
- ****Process optimization**** resulting in measurable cost savings and performance improvements

I am eager to bring my expertise in ****SAP-driven planning systems****, ****production operations experience****, and ****analytical forecasting capabilities**** to Imtiaz Group's planning function. My proven ability to bridge technical systems with business objectives would be a valuable asset to your team.

I look forward to discussing how my background in utility-scale operations and manufacturing planning can contribute to your strategic objectives. Thank you for considering my application. I am available for interview at your convenience and can be contacted at +92 327 2310 769.

Sincerely,

MOHAMMAD AZAM ALEEM
